

Sprint 4 Plan

PEN PALS

11/19/2018 - 12/2/2018

Goals: In this sprint, our high-level goals include implementing a chat feature, utilizing book database to make book titles more familiar.

User Stories:

User Story #1: “As a user, I want a way to send messages to other users, so that I can discuss the books I’m interested in.” (10)

Steps:

- A. Figure out how to implement a chat service from scratch through SQL (2)*
- B. Implement it (4)*
- C. Connect it to the Front-End (4)*

User Story #2: “As a user, I want to be able to access Pen Pals for the rest of my life so I can never be lonely.” (8)

Steps:

- A. Find a hosting service for our virtual environment (2)*
- B. Set-up the virtual environment (4)*
- C. Buy and start the service (2)*

User Story #3: “As a user, I want to add a book from the database to my user profile to show others my book interests.” (4)

Steps:

- A. I want to be able to add books to different sections of my profile. (ex. Books I own, books I want to read, books I want to talk about, etc.) (2)*
- B. I want to be able to search for a book I like or own and have it autofill/show up with info about the book (2)*
